Independent Auditor's Report

To the Board of Trustees of The Kosciuszko Foundation, Inc.

We have audited the accompanying consolidated financial statements of The Kosciuszko Foundation, Inc. (a nonprofit organization), which comprise the consolidated statements of financial position as of June 30, 2018 and 2017, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of The Kosciuszko Foundation, Inc. as of June 30, 2018 and 2017, and the consolidated changes in its net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplemental schedule of functional expenses for the year ended June 30, 2018 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Note 1 - Organization

The Kosciuszko Foundation, Inc. (the Foundation) was incorporated on December 23, 1925 as a charitable corporation under provisions of the not-for-profit corporation law of the State of New York. The Foundation has been established for educational, scholarship, and cultural purposes. Its objectives are to:

- a. Foster among the American people knowledge and appreciation of Polish culture, history, and traditions;
- b. Strengthen understanding, goodwill, and friendship between the people of the United States of America and the people of Poland by promoting closer educational and cultural relations;
- c. Enhance knowledge of the Polish contribution to world civilization in general and to America in particular;
- d. Encourage and promote the study of Polish culture, history, language, and traditions of the United States of America; and
- e. Foster among Americans of Polish ancestry a deeper understanding and appreciation of their cultural heritage, thereby enriching the pluralistic culture and traditions of the United States of America.

The Foundation conducts and/or sponsors programs, projects, and activities designed to support its purposes and objectives. Its primary sources of revenue are contributions and investment return.

Warsaw Office

The Foundation maintains an office in Warsaw as a representative office providing information about the Foundation's exchange program with the U.S. and provides assistance to Americans studying in Poland under the auspices of a Foundation sponsored program or activity.

Washington Center

The Foundation's Center in Washington D.C. promotes Polish culture in America and encourages cooperation between the United States and Poland. The office houses a museum of Polish art that is open to the public daily, and provides a venue for local Polish-American events through a wide range of activities, including films, concerts, exhibitions, educational programs, publications, and seminars.

Note 1 - Organization (continued)

Polish Foundation

During the fiscal year ended June 30, 2011, the Foundation filed in Poland Articles of Association under the Polish Foundation Act of April 4, 1984 to establish "The Kosciuszko Foundation Poland - Fundacja Kosciuszkowska Polska." This organization is controlled by the United States Kosciuszko Foundation and has similar purposes. All activities of this organization are reported to the U.S. organization and included in these consolidated financial statements. In March 2018, the Foundation and the Polish Foundation signed a cooperation agreement in order to facilitate and improve their continuing non-profit activities and cooperation.

Chapters

There are nine Chapters of the Foundation: Philadelphia, Pittsburgh, Washington, DC, Western New York (Buffalo), Chicago, Rocky Mountain (Denver), New England (Springfield), Texas (Houston), and Northeast Ohio (Cleveland).

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Foundation have been prepared on the accrual basis and in accordance with accounting principles generally accepted in the United States of America as applicable to not-for-profit organizations.

The Foundation's net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Foundation and changes therein are classified and reported as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that will be met either by actions of the Foundation, fulfillment of donors' stipulations, or the passage of time.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that they be maintained permanently. Generally, the donors of these assets permit the use of all or part of the income earned on related investments for general or specific purposes.

Revenues are reported as increases in unrestricted net assets unless their use is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purposes have been

Note 2 - Summary of Significant Accounting Policies (continued)

fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Scholarships and Grants

Scholarships and grants are reported as a liability and expense when the recipients have satisfied all conditions of acceptance.

Investments

Investments in equities, iShares and exchange traded mutual funds are valued using quoted market prices. Investments in the Multi-Asset Fund and the Short-Term Fund are valued at the net asset value calculated by the custodian. Alternative investments without quoted market prices are recorded at the value reported by the investment's manager. These values are reviewed and evaluated by management. Realized gains are calculated by comparing proceeds to cost under the average cost method.

Cash and Cash Equivalents

Cash and cash equivalents include cash in the Foundation's checking accounts both in the United States and Poland.

Inventory:

Inventory, which consists primarily of dictionaries and text books, and is included in prepaid expenses and other assets in the accompanying statements of financial position, is stated at lower of cost or net realizable value with cost determined on a first-in, first-out basis.

Property, Plant, and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation, except for donated items, which are recorded at the fair value on the date of donation. Individual items costing under \$2,000 are not capitalized. Depreciation is provided over the estimated useful lives of the assets using the straight-line method. The number of years used in determining depreciation is as follows:

Note 2 - Summary of Significant Accounting Policies (Continued)

Furniture, fixtures, and equipment 3 - 7 years Building and improvements 20 - 40 years

Income Taxes

The Foundation is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code. It is further classified as a publicly supported organization.

The Foundation recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Foundation has no uncertain tax positions that would require financial statement disclosure and/or recognition.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefitted.

Contributions Receivable

Unconditional promises to give (pledges) are reported as revenues in the period pledged. In the case of estates, the contribution is recorded when the will has been admitted to probate and the amount is reasonably determinable. Contributions expected to be received after one year are discounted to their present value. Amortization of the discount is recorded as an additional contribution in accordance with the donor-imposed restrictions, if any, on the contribution.

Art Collections

The Foundation has an extensive collection of artwork and other artifacts, which are the results of numerous donations over the years. Donated artwork or other artifacts are capitalized at their appraised or fair value on the accession date. If collection items are sold, the proceeds from the sale are used to acquire other collection items. Gains or losses on the deaccession of collection items are classified on the statements of activities as unrestricted or temporarily restricted support depending on donor restrictions, if any, at the time of accession.

In June 2015, the art collection in New York was appraised for insurance purposes and the fair value approximated \$5 million. The art collection at the Washington Center received during fiscal 2010 is recorded at approximately \$400,000. During 2018 and 2017, the Foundation received \$1,000 and \$4,000 of donated art.

Note 3 - Investments

The cost and fair value of the Foundation's investments at June 30, 2018 and 2017 are as follows:

	2018		20	017

Note 8 - Endowment

The Foundation's endowment consists of over one hundred individual funds established for a number of purposes. The endowment includes donor-restricted funds, temporarily restricted charitable trusts and annuity funds, and original gifts held long-term for scholarships and grants.

Interpretation of Relevant Law

Prior to September 17, 2010, the Board of Trustees of the Foundation had interpreted the Uniform Management of Institutional Funds Act (UMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classified as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

Note 8 - Endowment (Continued)

On September 17, 2010, New York State enacted the New York Prudent Management of Institutional Funds Act (NYPMIFA). Unlike UMIFA, the new law allows not-for-profits to spend permanently restricted endowment funds below their "historic dollar value" if the governing body (Board of Trustees) determines that the spending is prudent in accordance with various factors. Also, in accordance with the act, the Foundation, where possible, has contacted donors of endowment funds with gifts made prior to September 17, 2010, and gave them the choice of following UMIFA or NYPMIFA rules.

The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriate for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by the Act.

The following represents a description of the endowment net asset composition, excluding pledges and estates as of June 30, 2018 and 2017:

	Temporarily Restricted	Permanently Restricted	Total
Donor-restricted endowment funds - 2018	\$ 13,518,710	\$ 19,798,544	\$ 33,317,254

Spending Policy

The Foundation has a policy of appropriating a certain percentage of its portfolio for scholarship distribution annually. Scholarship distribution for fiscal 2018 was based on 4.5% of its entire portfolio value. In fiscal year 2019 the scholarship distribution is set at 4.0%.

In addition, the Foundation has a policy of appropriating from .5% to 2% of its entire portfolio value for its administrative fee. The percentage is based on a rolling 3 year (fiscal year) average of portfolio value and is set based on the financial needs of the Foundation in a given year.

Note 9 - Beneficial Interest in Perpetual Trusts

The fair value of funds that are held in perpetuity by third parties where the Foundation is the income beneficiary is included on the statements of financial position. The following is a summary of such trusts at June 30, 2018 and 2017:

	20	018	2017			
Trust	Fair value of securities held by	Investment income received during	Fair value of securities held by	Investment income received during		
Stanley W. Wasil	third parties \$ 512,570	the year \$ 19,438	third parties \$ 504,424	the year \$ 19,624

	\$ 1,600,979	\$ 57,986	\$ 1,566,855	\$ 97,216		

Note 10 - Fair Value Measurements

The Foundation follows accounting principles generally accepted in the United States of America ("US GAAP") on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon input assumptions used pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

The Foundation follows US GAAP guidance which removed the requirements to categorize within the fair value hierarchy alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient.

The following table presents the Foundation's fair value hierarchy for investments and funds held by trustees measured at fair value as of June 30, 2018 and 2017:

^{*}Investments Valued Using NAV

The 2018 investments, even in the alternative class, are funds with daily liquidity and are actively traded.

At June 30, 2017, investments valued at NAV consisted of one remaining hedge fund. It was fully redeemed in 2018.

Note 11 - Retirement Plan

The Foundation reinstated its defined contribution pension plan effective July 1, 2014. The plan covers substantially all employees who have completed one year of service. The Foundation will contribute 5% of each employee's salary and make an additional matching contribution up to 5% of salary. Total expense for the years ended June 30, 2018 and 2017 was \$38,862 and \$36,912, respectively.

Note 12 – Concentration of Risk

During 2018 and 2017, the Foundation had U.S. cash in banks exceeding federally insured limits. The Foundation manages this risk by using large, established financial institutions.

Note 13 - Subsequent Events

In connection with the preparation of these consolidated financial statements, the Foundation evaluated subsequent events after the statement of consolidated financial position date at June 30, 2018 through November 16, 2018, which was the date the consolidated financial statements were available to be issued.
